"Our 7 STEP PROCESS"

"Our 7 Step Process To Shooting Your Next Building Project Or Real Estate Photography Project In Melbourne Will Create Stunning Photography To Attact Higher Paying Customers To Your Building & Construction Business Which Means Bigger Projects For Your Business, Bigger Profits To You, Less Stress About Money & More Time For Holidays!"

- Grant Kennedy

STEP 1 - CALL TO DISCUSS YOUR BUILDING PROJECT & PURCHASE YOUR PACKAGE

Ring us to discuss the project with us that you need real estate photography in Melbourne and we will go through your preparation needs including lighting and timing options to suit your project.

We will also email you a detailed information pack on how to prepare your project for the best photographic results.

Once you're ready to go ahead go to our package pages, click on the button for the service you require and make the payment using your credit card or PayPal account, whichever you prefer.

If you would like to be invoiced instead please give us a call.

STEP 2 - CONFIRM ACCESS ARRANGEMENTS

Once payment has been received we will make the necessary arrangements for access to the project for your required day.

STEP 3 - PREPARE BUILDING OR CONSTRUCTION PROJECT

We will discuss with you and the vendor together how to prepare the project in the best possible way to get the best results.

We have an interior decorator available on request for a real special touch if you require.

STEP 4 - PHOTO SHOOT

We will spend the pre-arranged amount of time on your building project ensuring everything you require is photographed at multiple angles and covering every unique detail of the project that you want to make really stand out.

STEP 5 - UNIQUE PHOTO RE-TOUCHING METHOD

We take the photographs back to our computer lab and spend just as much time over again re-touching the real estate or building photographs using our unique re-touching methodology to ensure we get an amazing results.

STEP 6 - REVISION OF YOUR PHOTOGRAPHS

We will email through to you web-resolution photographs for revision and any further re-touching adjustment you require can be made before finilising the photographs.

STEP 7 - DELIVERY

We will arrange an immediate delivery of web resolution photographs online to you upon compeltion and same day postage of your high resolution photographs on a personalised DVD.

We will also automatically add these to your website portfolio and any further marketing materials if we are handling these for you as well.

Dont look anywhere else for your building, construction or real estate photography in melbourne, we will be sure to look after you and use every inch of experience we have to get the best result for you to attract new customers for your building and construction business.
